SOFTWARE DEVELOPER

about me

"Always leave things better than you found them" has been my life motto and has served me well. I take joy in translating routine activities into opportunities for automation, scale or simplification. I love learning and being a part of the Nashville tech community.

experience

Nashville Software School 2017-Present

Apprentice Software Developer

Intensive full-time software development boot camp focusing on full stack development fundamentals and problem-solving. During the final half of the program, I executed in a simulated company environment with Scrum methodology.

- Hands-on application of OOP fundamentals through group and individual projects reflecting real-world business problems
- Source code version control with Git/GitHub
- Github Projects & Issue Tracking
- JavaScript fundamentals leveraging DRY, modular, readable code and reusable components
- Built single-page applications with HTML, CSS, JavaScript libraries like jQuery, and Angular
- Task Automation with Grunt: esLint with JSHint, module bundling with Browserify, SASS compilation
- Styled applications with CSS Frameworks Bootstrap and Materialize and wrote custom styles with SASS
- Deployed applications through Firebase, GitHub Pages, and DigitalOcean
- Leveraged VMware for virtualizing a Windows environment on Mac to utilize Visual Studio 2017 IDE
- Application design through whiteboarding dependencies and building ERD's
- Created and modified database design/content using SQL, .Net, and Entity Framework with migrations
- Created RESTful APIs with C#/.NET using WebAPI
- Leveraged Razor for creating and editing MVC applications

Menehune Water Company 2014-2017

Customer Service Rep | Independent Sales Team

An amazing opportunity and rewarding experience. Working in the customer service and sales department, I developed excellent soft skills which shaped my ability to work effectively with different people and environments. Responsibilities included residential and commercial proposals/contracts, HTML emails, managing leads, designing ads for social media, coordinating booth spaces for expos and charities, communicating with multiple departments, and maintaining client relationships.
